“FROM BERLIN TO TENNESSEE”

November 14th, 2017

Winfried H. Goethert will present “From Berlin to Tennessee.”

Winfried H. Goethert’s background is from Germany. The presentation covers his time in Berlin around 1938 through his journey to America, and ending up in Tennessee in 1960. He will discuss his childhood during the 1940’s, including information about the war during that time. He also discusses memories and current events, beginning with his time in Germany in 1943. He came to America at Wright Patterson Air Force Base in Ohio as an “illegal alien” under a secret US military program. There, he was united with his father. He will discuss living on base, learning English from the GI’s, and becoming a legal citizen.

Winfried H. Goethert received his Bachelor’s Degree in Engineering Physics at the University of Tennessee: Knoxville, and he obtained a Master’s Degree in Physics from the University of Tennessee Space Institute. His first job was funded by a NASA contract at the University of Tennessee Research Hospital in Knoxville. After graduation, he became a Research Engineer at a state of the art Air Force testing center. For 42 years, he worked on technology programs supporting aeronautical testing facilities. Early in his career, he worked on developing laser instrumentation for air flow measurements in various test cells.
