## “REGENESIS”

September 12, 2023

10:00 a.m. to 12:00

Please join us for “Regenesiis” presented by Dr. Garry Collins.

Dr. Garry Collins wrote his book *Regenesiis* to challenge what people think they know about health and disease. It is meant to be a starting point in a person’s transformation from unhealthy to healthy. Garry says, “Obesity, Fibromyalgia, fatigue, diabetes, arthritis, digestive issues, and general poor health have common threads. The Regenesiis program focuses light on these common threads.” His book was inspired by his mother who died from the complications of diabetes. She was taking over ten prescription drugs multiple times a day, including massive amounts of injectable insulin. He feels that his mother was given the wrong advice by her doctors for decades. Come learn about simple things you can do to help improve and recover your health!

Dr. Garry Collins is a graduate of Life University College of Chiropractic, is a Fellow of The International Academy of Medical Acupuncturists, and is a Naturopathic Doctor. His book *Regenesiis* was published in 2017. He has practiced holistic health care in his home town of Floyd, Virginia for 26 years.
