“A PHOEBE NEEDLES CHRISTMAS”

December 12, 2023

10:00 a.m. to 12:00 p.m.

Are you ready for a wonderful, festive music program? Then come join us for our next Center for Lifelong Learning program featuring old-time, traditional, and international Christmas music and carols with dulcimer and piano presented by Dr. Jill Trinkka and Ms. Juanita Smoot!

Dr. Jill Trinkka lives in Murrells Inlet, SC. She retired in 2018 from Coastal Carolina University (Conway, SC) where she taught undergraduate and graduate ear training and sight-singing, elementary music repertoire and methods, American Music, World Music, and classroom instrument courses. She has held several academic posts across the U.S. and is an internationally acknowledged Master Teacher in the Kodály philosophy of music education., She is well known by children, parents, and music educators as “a dynamic, winsome, and energetic teacher and performer.” Her performances bring new life to the musical and cultural

treasures of American folk music as she accompanies herself on the dulcimer, autoharp, guitar, and banjo.

Mrs. Juanita Smoot lives on a farm in Henry, VA which she shared with her late husband, Jim Wilson. She is the proud mother of two adult sons, Justin and Alexander Hamlin. After receiving her Bachelor of Music degree from Belmont College in Nashville, TN, Juanita spent two years as a Missionary Journeyman in Rio de Janeiro, Brazil where she worked as an accompanist/music instructor at the South Brazilian Baptist Seminary. She earned a Master of Church Music/Organ Pedagogy degree from The Southern Baptist Theological Seminary in Kentucky. She has been involved in the music education of preschool age through adults in churches, studios, private and public schools and at the collegiate level. She was an “Artist in Residence” in Letcher County, KY. She is thankful for the lifelong ability and opportunity to share her passion for music, Jesus Christ and community worship with others. She is always delighted to be a part of the Phoebe Needles December music program!
